MATERIAL TRANSFER AGREEMENT (FOR DISTRIBUTION)

The National Institute of Genetics (hereinafter referred to NIG) confirms that, for the progress of life sciences, it is essential to exchange genetic/biological resources among the research community as freely as possible. Based on the principle and considering the intellectual property, NIG asks the RECIPIENT and its organization to agree to the following terms on the usage of the materials that the RECIPIENT requested. In order to minimize the delivery process, NIG attaches the agreement form with the materials and asks the RECIPIENT to sign and return it immediately. If the RECIPIENT fails to do so, NIG might decline to respond to the subsequent requests from the RECIPIENT and its organization.

Name(s) of the MATERIAL: _____ (as listed in the attached sheet)

1. The RECIPIENT will use the MATERIAL only for teaching or not-for-profit research purposes.
2. The RECIPIENT will not distribute the MATERIAL to the third parties without NIG's written consent. The RECIPIENT shall refer to NIG about any requests for the MATERIAL.
3. The RECIPIENT acknowledges the source of the MATERIAL in any publication resulting from its use and sends a copy of the publication to NIG.
4. The RECIPIENT understands that the MATERIAL is experimental in nature and may have hazardous properties. NIG is not responsible for anything caused by the use of the material directly or indirectly.
