

National Institute of Genetics

The charge for one zebrafish line is as follows.

Handling of one shipment and actual cost for the shipment	1,400 Japanese yen
Handling of embryos	5,190 Japanese yen
Handling of adults(up to 2 zebrafish)	5,770 Japanese yen
Handling of embryos by in vitro fertilization from frozen sperm	10,780 Japanese yen
Shipping cost	On a case-by-case basis

(Effective as of April 1st, 2025)

In some cases, the fish may arrive dead. In such cases, we will not charge for the handling cost of the unsuccessful shipment. We will charge only for the actual cost for the shipment and will send the same lines again (the shipping cost will be charged again).
